Subject: Microsoft Settlement

To Whom it may Concern,

This is to express my deep concern and great reservation with the 'Deal' that has been put forward as remedy for the proven Monopolist company, Microsoft Inc. After reading the settlement document, twice, I still fail to see how it is in the best interest of this great country to proceed as recommended. It in no way curtails the monopolistic practices of this predatory company. Do not misunderstand, I am a capitalist! But a rabid animal must be put down when discovered as it endangers the environment. The recommended settlement does not even come close to this!

Thank you
